* Start of PNC calculated beginning in 2005; previously was self-reported.

** U.S. Standard Certificate of Live Birth was revised in 2003. First Trimester Prenatal Care data from the 2003 edition are not comparable with the data from the 1989 edition, which many states are still using. The CDC has, therefore, not published First Trimester Prenatal Care percentages siince 2004.
