

# So you want to be a Big Garden site?

## important questions to ask...

- Is there organizational support for a community garden?
- Is the sponsoring organization interested in hosting a garden for the next 3 years?
- Who is willing to be the volunteer coordinator of this site?
- What does support for this project look like in our organization?
- Do we have resources that we can contribute?
- How does being a Big Garden site help us meet our mission?
- Is there a need for a community garden?
- Will the community support a community garden?
- Is the community interested in a garden?
- Is there a south facing area that could be used for the Big Garden site?
- Are there trees that could block sunlight near the considered space?
  - Does the organization have a water source for the garden?
