■ Northwest	1.5%	8.1%	5.7%	16.9%	9.4%
■ Southwest	2.1%	9.5%	5.3%	17.5%	8.1%

* Calculated using the Kotelchuck Index which measures adequacy of prenatal care based on the number of prenatal visits, length of gestation, and the month that prenatal care began.

** Low birthweight includes all births less than 2500 grams.

*** Births to all unmarried mothers; not just teens.

**** Preterm births are those with a gestation period of 36 weeks or less.
