

The Mammovan is visiting!

Mobile Digital Mammography Coach will be on-site

The Mobile Digital Mammography Coach is provided by Medical Imaging Consultants which is an in-Network provider and **100% paid for by United Healthcare insured employees** and the company files the claim directly to UHC – also covered with other major insurance carriers – if someone wishes to take advantage and is not insured they can pay the fee of \$220 at the time of appointment. We need at least 10 employees/spouses to schedule an appointment on each day and up to 30 on each day. It is by appointment and all the employee needs to do is call to schedule the time.

FREE for United Healthcare participants! Most mamograms take only about 20 minutes.

By Appointment Only. Call 402-592-0711 to schedule an appointment. Let them know you're calling for a Mammovan appointment. Then call Kathy Adair for your registration packet, 402-444-6099.

Bring your United Healthcare insurance card and driver's license.
